CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Triview Metropolitan District No. 2
El Paso County, Colorado

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Triview Metropolitan District No. 2 ("District"), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2022, the respective changes in financial position, and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report. We are required to be independent of the District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it

exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information, as identified in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in

accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information, as identified in the table of contents. The other information does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or provide any assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**TRIVIEW METROPOLITAN DISTRICT NO. 2
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2022**

Net Change in Fund Balances - Governmental Funds	\$	58,863
--	----	--------

Amounts reported for governmental activities in the statement of activities are different because:

Long-term debt (e.g., issuance of bonds, the receipt of Developer advances) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Principal Payment on Bonds Payable		30,000
------------------------------------	--	--------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest on Bonds - Change in Liability		66
Bonds Premium Amortization		1,182
		1,182

Change in Net Position of Governmental Activities	\$	90,111

**TRIVIEW METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 1 DEFINITION OF REPORTING ENTITY

Triview Metropolitan District No. 2 (the District), a quasi-municipal corporation and a political subdivision of the state of Colorado created pursuant to the Special District Act, was formed in 2006 for the purpose of providing the funding for roads and traffic safety for Ranch Pointe Road, Jackson Creek Parkway, and Higby Road in the Town of Monument.

The District was formed in conjunction with Triview Metropolitan District No. 1 (District No. 1), Triview Metropolitan District No. 3 (District No. 3) and Triview Metropolitan District No. 4 (District No. 4) to design, finance and construct Ranch Pointe Road, Sanctuary Pointe Avenue, Higby Road, and Jackson Creek Parkway. District No. 1 is responsible for managing the construction, operation and maintenance of all improvements not transferred to the Town of Monument. The District, District No. 3 and District No. 4 are responsible for providing the funding and tax base needed to support the financing plan for capital improvements and to fund ongoing operations.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization nor is the District a component unit of any other primary governmental entity.

The District has no employees, and all operational and administrative functions are contracted.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by property taxes.

The statement of net position reports all financial and capital resources of the District. The difference between the assets, deferred outflow of resources, liabilities, and deferred inflow of resources of the District is reported as net position.

**TRIVIEW METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District has determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

TRIVIEW METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

TRIVIEW METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

**TRIVIEW METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2022, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 90,035
Cash and Investments - Restricted	<u>332,505</u>
Total Cash and Investments	<u><u>\$ 422,540</u></u>

Cash and investments as of December 31, 2022, consist of the following:

Deposits with Financial Institutions	\$ 89,945
Investments	<u>332,595</u>
Total Cash and Investments	<u><u>\$ 422,540</u></u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2022, the District's cash deposits had a bank balance and carrying balance of \$89,945, respectively.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

**TRIVIEW METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

Colorado Statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2022, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Local Government Liquid Asset Trust (COLOTRUST)	Weighted-Average Under 60 Days	\$ 332,595

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust currently offers three portfolios – COLOTRUST PRIME, COLOTRUST PLUS+, and COLOTRUST EDGE.

COLOTRUST PRIME and COLOTRUST PLUS+, which operate similarly to a money market fund and each share is equal in value to \$1.00, offer daily liquidity. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

COLOTRUST EDGE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$10.00 transactional share price. COLOTRUST EDGE may invest in securities authorized by Section 24-75-601.1, C.R.S., including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, and highest rated commercial paper.

**TRIVIEW METROPOLITAN DISTRICT NO. 2
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

COLOTRUST – (Continued)

A designated custodial bank serves as custodian for the Trust’s portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust’s investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian’s internal records segregate investments owned by the Trust. COLOTRUST PRIME and COLOTRUST PLUS+ are rated AAAM by Standard & Poor’s. COLOTRUST EDGE is rated AAAs/S1 by FitchRatings. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily or weekly, and there is no redemption notice period.

NOTE 4 LONG-TERM OBLIGATIONS

The following is an analysis of changes in the District’s long-term obligations for the year ended December 31, 2022:

	Balance - December 31, 2021	Additions	Retirements	Balance - December 31, 2022	Due Within One Year
Bonds Payable:					
2017 G.O. Refunding Bonds	\$ 1,550,000	\$ -	\$ 30,000	\$ 1,520,000	\$ 30,000
2017 G.O. Refunding Bonds Premium	20,007	-	1,182	18,825	-

Series 2017 –General Obligation Refunding Bonds

On July 27, 2017, the District issued \$1,635,000 of General Obligation Refunding Bonds, Series 2017 (2017 Bonds). The 2017 Bonds are serial and term bonds that bear interest between 2.625% and 4.350% per annum payable on June 1 and December 1. Mandatory principal payments are due on December 1, with final payment due on December 1, 2047. Bonds maturing after December 1, 2027 are subject to redemption prior to maturity at the option of the District on December 1, 2027, and on any date thereafter, upon payment of par and accrued interest, without redemption premium.

The 2017 Bonds are secured by and payable from general ad valorem taxes which may be levied on all taxable property within the District in an amount necessary to pay when due the principal and interest on the 2017 Bonds. The 2017 Bonds are additionally secured by the surplus fund, which was initially funded with proceeds of the 2017 Bonds in the amount of \$54,000.

Proceeds of the 2017 Bonds are being used for the purposes of (i) funding and reimbursing a portion of the costs of acquiring, constructing, and installing certain public improvements; (ii) refunding the 2012 Series Bonds, originally issued in the aggregate principal amount of \$1,500,000; (iii) funding an initial deposit to the surplus fund; (iv) funding a portion of interest to accrue on the bonds; and (v) paying the costs of issuance of the bonds.

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

Events of Default

The occurrence of any one or more of the following events or the existence of any one or more of the following conditions shall constitute an event of default under the Indenture:

- i. The District fails or refuses to impose the required mill levy or to apply the pledged revenue as provided in the indenture.
- ii. The District defaults in the performance or observance of any other of the covenants, agreements, or conditions on the part of the District in the indenture or the bond resolution, other than as described in paragraph (i) above, and fails to remedy the same after notice thereof pursuant to the indenture.
- iii. The District files a petition under the federal bankruptcy laws or other applicable bankruptcy laws seeking to adjust the obligation represented by the bonds.

It is acknowledged that due to the limited nature of the pledged revenue, the failure to pay the principal of or interest on the Bonds when due shall not, of itself, constitute an event of Default under the Indenture.

Upon the occurrence and continuance of an event of default, the trustee has the following rights and remedies which may be pursued:

- i. Receivership: Upon the filing of a bill in equity or other commencement of judicial proceedings to enforce the rights of the trustee and of the owners, the trustee is entitled to as a matter of right to the appointment of a receiver or receivers of the trust estate, and of the revenues, income, product, and profits there of pending such proceedings, subject however, to constitutional limitations inherent in the sovereignty of the District, but not withstanding the appointment of any receiver or other custodian, the trustee is to be entitled to the possession and control of any cash, securities, or other instruments at the time held by, or payable or deliverable under the provisions of the indenture to the trustee.
- ii. Suit for judgment: The trustee may proceed to protect and enforce its rights and the rights of the owners by suit, action, or special proceedings as the trustee, being advised by counsel, deems appropriate.
- iii. Mandamus or other suit: The trustee may proceed by mandamus or any other suit, action, or proceeding at law or in equity, to enforce all rights of the owners.

No Acceleration

Notwithstanding the foregoing or anything else herein to the contrary, acceleration shall not be an available remedy for an Event of Default.

As of December 31, 2022, the District was not in default.

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

Events of Default (Continued)

No acceleration (continued)

The annual requirements to amortize the remaining Series 2017 Bonds are as follows:

<u>Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 30,000	\$ 58,260	\$ 88,260
2024	30,000	57,473	87,473
2025	30,000	56,685	86,685
2026	35,000	55,897	90,897
2027	35,000	54,979	89,979
2028-2032	220,000	252,248	472,248
2033-2037	290,000	198,742	488,742
2038-2042	385,000	131,812	516,812
2043-2047	465,000	53,063	518,063
Total	<u>\$ 1,520,000</u>	<u>\$ 919,159</u>	<u>\$ 2,439,159</u>

NOTE 5 NET POSITION

The District has net position consisting of two components – restricted, and unrestricted.

The restricted component of net position consists of assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2022, as follows:

Restricted Net Position:	
Emergency Reserve	\$ 1,100
Debt Service Reserve	<u>273,659</u>
Total Restricted Net Position	<u>\$ 274,759</u>

The District has a deficit in unrestricted net position. The deficit was a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

NOTE 6 RELATED PARTIES

The developers of the property which constitutes the District is MREC Classic Promontory, LLC. The members of the Board of Directors are officers, employees or associated with the developers and may have conflicts of interest in dealing with the District.

DECEMBER 31, 2022

NOTE 7 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 8 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue. The District voters approved a ballot issue allowing the District's to retain all revenues.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.
